ITALIAN HEADQUARTERS, Northern Italy, Nov. 11.—(Sunday).—The enemy has not succeeded in operations on the northeast in an attempt to encircle the Italians. The menace to the Italian left has virtually passed.

(By Associated Press.)
ROME, Nov. 12.—The Italians re-visited the enemy everywhere on the northern front today, where the Austrians are attempting to outflank them.

The German official communication admits that east of Asiago, where the Austro-Germans made gains last week, the Italians in strong force attacked the invaders and re-captured lost positions. RUSS PILLAGERS ORDERED SHOT

(By Associated Press.)
LONDON, Nov. 12.—A Russian wireless dispatch says:

"A regiment faithful to the government and the revolution in full agreement with the Cossacks, the soldiers' and workmen's delegates and all democratic organizations, occupied the town of Tsarskoe-Selo and the chief radio-telegraphic station. The rebels are retreating in disorderly mobs on Petrograd.

Severe measures are being taken against marauders and pillagers. Those caught with stolen goods are being shot immediately. Those guilty of rebellion are being handed over to the military revolutionary

Gallant regiments from the front, faithful to the revolution and the country, have approached the capital.

FEW THRILLS ON AMERICAN FRONT

Conditions in the American sector continue to be normal, with intermittent artillery firing on both sides. The weather continues cold and rainy. The American infantrymen have had two diversions. The first incident occurred near daylight. The enemy, apparently thinking a raid was imminent, opened up with machine guns at the point where the lines are closest. A stream of bullets flew over the American first line.

BIG STEAMER FLOATED.

(By Associated Press.)
A PACIFIC PORT, Nov. 12.—The Grand Trunk Pacific steamer Prince John, which ran aground Saturday in a heavy gale, was floated at high tide Sunday. After the steamer's accident the passengers were landed, but as the vessel was found to be seaworthy after floating they were again taken on board. The extent of the damage to the steamer is not known. The weather has moderated.

THREE MORE CARS OF
COAL ARRIVE TODAY

Three more carloads of the precious "black diamonds" arrived today. Two were consigned to the National Fuel company and one to the citizens' fuel committee. The latter will be distributed by the committee with the aid of one of the local dealers. Today's three added to the three that came in Saturday will help greatly to relieve the coal famine. More carloads are coming, but consumers are urged to be economical in the use of it, as the shortage is likely to last a considerable period of time.

TEUTONS LOSING IMPETUS.

(By Associated Press.)
ITALIAN HEADQUARTERS, Nov. 12.—Observers from advanced positions along the front say the Austrian advance is not showing the impetuous rush of previous days and evidently is slackening as it gets farther from its base. The largest guns they have brought into play thus far are of a type about the same as our 5-inch.

They have been unable to bring forward any of their heavy guns, doubtless because of the condition of the bridges and roads torn up or destroyed by the Italians. The fighting is taking a wide range from the Trentino eastward to the Tagliamento and then southward to the sea.

RADICALS CONFISCATE
ALL LAND AND MINES

(By Associated Press.)
PETROGRAD, Nov. 12.—The congress of soldiers' and workmen's delegates has issued a decree abolishing the rights of landowners and handing over all estates forthwith to agricultural committees, which are to hold them until the constituent assembly meets. The decree provides that all products of the sub-soil, including coal, petroleum and minerals, are the property henceforth of the state.

The land of small owners is not to be confiscated. Each citizen has the right to own only as much land as he himself cultivates, without hired labor.

PAINLEVE BACK FROM ITALY.

(By Associated Press.)
PARIS, Nov. 12.—The British premier, David Lloyd George, who attended the conference of British, French and Italian representatives in Italy, and Premier Venizelos of Greece, who has been in Rome, arrived Sunday in Paris. Premier Painleve returned Saturday from his visit with French and British officials to the Italian front and expressed confidence in the victory of the forces of freedom.

After a cabinet meeting a semi-official note was issued confirming the new establishment of a permanent inter-allied staff under Generals Foch, Wilson and Cadorna, to sit at Versailles.

TEAR UP RAILS.

(By Associated Press.)
PETROGRAD, Nov. 12.—The rails on the Petrograd-Gatchina railway have been torn up to prevent any advance on the capital by the ship troops of Premier Kerensky. All the ministers, except M. Terestchenko, Konovaloff and Kishkin are reported to have been released from the St. Peter and St. Paul fortress.

VON TIRPITZ MAKES VIOLENT ANNEXATION SPEECH AT MUNICH.

(By Associated Press.)

STANDARD BREAD
SIZE IS FIXED

PRESIDENT ISSUES PROCLAMATION TO TAKE EFFECT ON DECEMBER 10.

(By Associated Press.)
WASHINGTON, Nov. 12.—Definite steps to standardize bread and lower its price were taken when President Wilson issued a proclamation placing all bakeries under government license December 10, and subjecting them to food administration rules prescribing ingredients and weights of loaves. Prices will not be fixed, but with the standardization it is expected that competition and simplification of distribution will force down prices for pound loaves to 7 or 8 cents.

Pancake breads will be eliminated, and the multitude of sizes now made will be reduced to four, with standard ingredients. The weights will be one pound, one and one-half pounds, two and four pounds.

MARINES BOMBARD "CITY."

(By Associated Press.)
QUANTICO, Va., Nov. 12.—United States marines bombarded an enemy city yesterday and the only buildings left standing after the terrific fire were churches and hospitals.

It was only a miniature city, to be sure, and the buildings were not more than a foot high. Cities in miniature are used as objectives by marine corps artillerymen in training here, and the little buildings in them are plainly labeled gun factory, barracks, church, hospital, etc. The marine gunners are careful in training to avoid hitting buildings marked church or hospital, and in practice they show wonderful marksmanship in razing buildings adjacent.

EXPECT NO OBJECTION.

(By Associated Press.)
WASHINGTON, Nov. 12.—Apparently no doubt is felt by the American government that when the authorities at Peking understand the agreement between the United States and Japan no serious objection will be urged on the part of China. So far Minister Reisch has not reported on the reception of the agreement in China, nor has the state department been officially advised of the action of the Chinese minister at Tokio in submitting a protest there.

LEAGUE MAGNATES MEET.

(By Associated Press.)
LOUISVILLE, Ky., Nov. 12.—Preliminary to the opening here tomorrow of what promises to be the most momentous meeting in the history of the National Association of Professional Baseball Leagues, Western league magnates yesterday held a perfunctory executive session of three hours, at which they discussed proposals that have been advanced for re-districting minor leagues.

Says His Heart is With the
Pacifists, But His Brain
Sees Fallacy

(By Associated Press.)
BUFFALO, Nov. 12.—President Wilson personally and eloquently appealed for the full support of organized labor for the government in the conduct of the war before the convention of the American Federation of Labor here today. He declared flatly Germany started the war, and said he was willing to await the verdict of history on his statement. He interpreted the intimations that one central power was more anxious for peace than Germany to mean "the people of that central power know if the war ends as it stands they will be the vassals of Germany."

WASHINGTON, Nov. 12.—It has become known that the upheaval at Petrograd has greatly stimulated a religious movement in Russia designated by its leaders to save "holy Russia" from foes from without or within. This movement is said to have resulted already in the pledging of 500,000 soldiers to support the

SPEND FOUR DAYS ON FRENCH FRONT; PAY VISIT TO U. S. BOYS IN TRENCHES.

(By Associated Press.)
BRITISH FRONT IN FRANCE AND BELGIUM, Nov. 12.—The American congressional party and four prominent men in private life, who have been visiting the western allied frontier unofficially during the congressional recess, yesterday completed a four days' tour and left the British front. Senators Kenyon and Kendrick, who have been making a special study of war problems in England, joined the congressional party, of which C. C. Dill is chairman, for the trip to the British war zone. All, excepting the two senators, had previously seen the French front, and the latter will visit the French area before returning home.

During their stay here they covered much territory by motor and saw not only the workings of the bases, but witnessed actual fighting along the line. Two big British base hospitals which are being built by American units were inspected and the party gained a comprehensive idea of what such work in war time means. Later they visited a body of American soldiers close to the firing line at a certain point on the British front.

RUSS "RED GUARD" FIGHTING.

(By Associated Press.)
PETROGRAD, Nov. 12.—Street rioting occurred Saturday afternoon on the Nevsky Prospect opposite the Hotel Europe. The Red Guard clashed with persons who were distributing pamphlets condemning the Bolsheviks. There was a fusillade. Premier Kerensky is reported to be at Catchina, thirty miles southwest of Petrograd, with approximately one army corps. Troops from Petrograd which are supporting the Bolsheviks are said to be confronting the Kerensky forces. Bolshevik troops are constantly leaving the city on the way to Catchina.
